Southampton Ward Profiles 2018

Bargate Ward

INTRODUCTION

Profiles have been produced for Southampton electoral wards in order to meet the need for information and intelligence at the local level in the city and form part of the Single Needs Assessment for Southampton. These profiles are designed to provide information about the population, characteristics and services in each ward to better understand local population need compared to other wards and the city average.

Each profile includes data for 77 indicators grouped into 11 topics:

1. Demography
2. Deprivation & Poverty
3. Economy
4. Community Safety
5. Place
6. Healthy Start
7. Education
8. Social Care
9. Chronic Conditions
10. Hospital Admissions
11. Mortality

Each profile displays the data in a number of ways; summary information is provided as a series of infographics (pages 3-4) highlighting some of the main features and needs in each ward, whilst more detailed comparator data and definitions for each of the indicators is provided in a spine chart format and metadata table (pages 5-7).

Guidance on how to interpret the infographics and spine chart is below:

INFOGRAPHICS

The infographics in this profile are designed to give the reader a quick overview of the statistics for ward. Each infographic provides the ward statistic, city average and rank amongst the 16 wards in Southampton. Wards are always ranked from high to low; so being ranked 1st could be good for some indicators and bad for others. More detail on this is available in the spine chart.

SPINE CHART

The spine chart is designed to show how the selected ward compares relatively to other wards in the city across a range of indicators....

- The red line down the centre of the chart represents the Southampton average value for each indicator. The data has been normalised which means that values to the left of the red line are 'worse' or 'lower' than the city average and those to the right are 'better' or 'higher' depending on the type of indicator.

- The circles on the chart are the ward values. Circles coloured green or red indicate that the ward value is statistically significantly 'better' or 'worse' than the city average. For some indicators, the terms 'better' or 'worse' do not apply; where this is the case, circles coloured light blue and dark blue are used to indicate where a ward is statistically significantly 'higher' or 'lower' than the city average respectively. Yellow circles indicate that any difference is not significant, whilst white circles indicate that significance could not be calculated.
SPINE CHART (CONTINUED)

- The light grey bar for each indicator shows the range of values for the wards in the city (i.e. it stretches from the value for the ‘worst’ or ‘lowest’ ward to the value for the ‘best’ or ‘highest’ ward).
- The darker grey shading shows the range of values for the middle 50% of wards.

FURTHER INFORMATION AND RESOURCES
Southampton ward profiles are also available to download in an excel format or via an interactive online mapping tool (Instant Atlas). These resources can be accessed at:

INFOGRAPHIC SUMMARY - BARGATE

PLACE

Ward Area
370 hectares
4th ↑

Green Space
10% green space
13th ↑

Services
3 GP Practices
5 Pharmacies

Air Quality
18.9 Nitrogen Dioxide annual mean µg/m³ (15.4 city average)

4 Schools (3 Primary and 1 Special)

POPULATION

Population Growth
23,473 people live in the ward, and this is expected to grow by 19.7% by 2024 to 28,099

6,478 children and young people aged 0-19 years. This is expected to grow by 22.6% by 2024 to 7,945

1,777 people aged 65+. This is expected to grow by 51.5% by 2024 to 2,692

Live Births
223 average number of births per year (3,299 city total)

Ethnicity
36% population are non white British (22% city average)

Language
20% population have a main language other than English (12% city average)

DEPRIVATION AND ECONOMY

Fuel Poverty
12% houses in fuel poverty (12% city average)

No Qualifications
11% of adults have no qualifications (21% city average)

Child Poverty
32% of children live in low income families (23% city average)

Unemployment
1.7% working age adults claiming unemployment benefits (2.2% city average)

Population Deprivation
35% population live in the 20% most deprived areas in England (28% city average)

House Prices
£186,750 average house price (£205k city average)

Job Density
103 jobs per hectare (23 city average)

Services

**School Attendance**
- 94.4% pupil attendance (95.2% city average)

**School Attainment**
- 41.7 Attainment 8 average point score (44.1 city average)

HEALTH

**Hospital Admissions for Injuries to Children**
- 120 admissions per 10,000 population aged 0-14 (124 city average)

**65+ Hospital Admissions for Fall Injuries**
- 3,354 admissions per 100,000 population (2,997 city average)

**Limiting Long Term Illness or Disability**
- 8.7% adults aged 16-64 have a LLTI or disability (12.3% city average)

**Depression**
- 96 people per 1,000 population aged 15+ have depression (85 city average)

**Heart Disease**
- 25 people per 1,000 population have Ischemic Heart Disease (32 city average)

**Lung Disease**
- 27 people per 1,000 population have COPD (33 city average)

LIFE EXPECTANCY AND MORTALITY

**Life Expectancy at Birth**
- Male: 76.1 years (78.3 city average)
- Female: 79.9 years (82.7 city average)

**Preventable Mortality**
- 284 DSR deaths per 100k population (220 city average)

**Under 75 Cancer Mortality**
- 172 DSR deaths per 100k population (153 city average)

**Under 75 CVD Mortality**
- 116 DSR deaths per 100k population (89 city average)

**Registered Deaths**
- 12th 109 average number of deaths per year (1,849 city total)
44 | % Special educational needs (SEN) | Spring term 2017/18 | Percentage of Southampton school children with a education health care plan, statement or receiving other support in Spring 2017. Source: Southampton City Council

45 | % English as an additional language | Autumn term 2017/18 | Percentage of Southampton school children who have English as an additional language in Autumn 2017. Southampton figure includes children resident outside of Southampton but attending Southampton schools. Source: Southampton City Council

46 | % Free school meals eligibility | Spring term 2017/18 | Percentage of Southampton school children living in a eligible for Free School Meals in Spring 2017. Southampton figure includes children resident outside of Southampton but attending Southampton schools. Source: Southampton City Council

47 | % Pupil attainment | Spring term 2016/17 | Pupil attainment (%). Percentage of present sessions over the total possible sessions and used a mean average of the pupil attainment rates aggregated by ward. Source: Southampton City Council

48 | % Children achieving good level of Development (age 5) | 2016/17 | Children achieving good level of Development (% age 5). Children defined as having reached a good level of development at the end of the Early Years Foundation Stage (EYFS) as a percentage of all eligible children. Source: Southampton City Council

49 | % Pupils studied standardised in reading, writing and maths | 2016/17 | Percentage of the number of KS2 pupils meeting the expected standard in reading, writing and maths of all eligible pupils. Southampton figure includes children resident outside of Southampton but attending Southampton schools. Source: Southampton City Council

50 | Progress 8 KS4 (average score) | 2016/17 | Progress 8 KS4 (average score) 2016/17, Progress 8 is a performance table for English and Mathematics GCSEs. Measured pupils average score and what they were estimated to achieve, based on the performance of pupils with similar prior attainment nationally. In 2017, new, reformed English and Maths GCSEs were first examined and a new grading of 9 was introduced, with 9 being the highest grade. All other GCSE subjects were recycled in 2017 and converted to a scale of 1-9. Source: Southampton City Council.

51 | Attainment 8 KS4 (average score) | 2016/17 | Attainment 8 KS4 (average score) 2016/17, Accountability of Attainment 8 bunch pupils B Performance Table eligible qualifications and calculates an average score. The new, reformed English and Maths GCSEs were first examined and a new grading of 9 was introduced, with 9 being the highest grade. All other GCSE subjects were recycled in 2017 and converted to a scale of 1-9. Source: Southampton City Council.

52 | Looked after children aged 0-17 (rate) | 2017 | Children looked after as a rate per 1,000 residents aged 0-17 years, based on the recorded Southampton ‘home’ postcodes of where child of either gender under 10 years before being taken to care and was still on LAC on the evening of the 31st March 2017. Note excludes 5% of the LAC dataset where a child’s ‘home’ postcode was outside of Southampton LA including taken into care from Women’s Refuges after birth. Source: Southampton City Council and Hampshire County Council's 2016 based Small Area Population Forecasts.

53 | % Families supported through Families Matter Programme | 2017 | Percentage of families on Families Matter Programme. Numerator counts of recorded postcodes used by ‘Families’ on the Families Matter Programme. Including all families and children in Southampton, who are in crisis and are referred to Families Matter Programme. Source: Southampton City Council

54 | Safeguarding referrals for adults aged 18 and over (rate) | 2017 | Safeguarding referrals for adults (rate per 1,000 residents 18+ years) 2017. Adults referred for safeguarding enquiries per 1,000 population aged 18+. Source: PARIS Southampton City Council and Hampshire County Council's 2016 based Small Area Population Forecasts.

55 | Average hours of home care | 2017 | Average number of hours home care per client commissioned by GCC social care. Source: Southampton City Council

56 | % Social care support for seniors aged 65 years and over (rate) | 2017 | Over 65 years receiving social care support (rate per 1,000) as of 31st December 2017. Source: PARIS Southampton City Council and Hampshire County Council's 2016 based Small Area Population Forecasts.

57 | % Adults with limiting long-term Illness or disability | Spring term 2016/17 | Percentage of adults with limiting long-term Illness or disability aged 18 years. Source: ONS Annual Deaths Extract and ONS mid-year population estimates for relevant years. Included taken into care from Women’s Prisons after birth. Source: Southampton City Council.

58 | % Pupil attendance | 2017 | Percentage of present sessions over the total possible sessions and used a mean average of the pupil attainment rates aggregated by ward. Source: Southampton City Council.
